Games Tomorrow and Sunday. There will be no game at Walker's tomorrow, the fireworks settings and paraphernalia seriously interfering. By special arrangement, the Short Lines will go to Ogden for Saturday's game, but on Sunday the Lobos will come down here for their game with the Cuyamaca people.

Manager Clippinger has re-engaged O'Brien, who opened with him last year, for short-stop, and will try him out Saturday. Taylor will pitch the Short Line game at Ogden and Kimerer will be on the rubber here Sunday.

HICKEY DID NOT CONSENT. That Ogden-Rio Grande Game Stays in Schedule.

Manager Hickey of the Rio Grande team says he did not consent to the showing out of the game given him over Ogden two weeks ago, and that it will stand as a Rio Grande victory, being regularly counted in the standing of the clubs. The rules distinctly say that the umpire's decision in giving a game to any team by default or for violation of the rules by an opposing side shall hold good under all circumstances. The referee himself cannot change that decision. And as Charles Griffin will not reverse himself, it looks as though Father Glimin will have to grin and bear it.

Giving this game to the Rio and counting it as an Ogden defeat, leaves the standing of the clubs as follows, Ogden going back to second place and the Clippinger leads leading.

Short Line Won. Lost. Cent. Ogden 3 1 .750 Rio Grande 2 2 .500 Pittsburgh 0 6 .000

(Special Correspondence.) Cheyenne, Wyo., Aug. 23.—Arrangements have been completed for the appearance of the Cheyenne Indians in Denver Saturday and Sunday afternoons in games with the Neefs. At the first meeting of these teams, the Indians were defeated twice, but they are playing better ball now and some close contests are looked for. Cycling. MOTOR RACE TONIGHT. Chapman and Iver vs. Turville—Iver Will Go for Record.

When Chapman and May made the motor race against the Turvilles, and were defeated, Chapman's admirers looked wisely and sighed, "If Iver were only here, tonight they will have the opportunity of seeing the two favorites go against the two victors in a motor race of ten miles for a purse of \$100." The winners taking the \$100.

Chapman has concluded that he can beat Iver and Charles with his \$100 motor, Iver at the helm making all the difference in the world, and the two teams will try for blood this evening. The machines start together, with a flying start.

Besides the motor feature, there will be a number of events of great interest. Iver Lawson will go against the world's record for one mile, motor-paced, and if he crosses the tape in less than 1:34, the present mark, he will receive \$50. Lawson will ride behind Chapman's motor.

There will be a match tandem race for one mile between Grames and Allen and the Haver brothers. A half-mile professional event concludes the programme.

Taken on the whole, the meet tonight should be one of the most interesting of the season.

OLD SOLDIER DEAD. Thomas Duncan of New Vienna, O., Dies in Salt Lake.

The dead man was 60 years old and a veteran of the civil war. He was commander of Carrie Johnson post No. 44, G. A. R., of New Vienna, and the members of that organization are requested to take charge of the funeral arrangements. The body is being cared for by Undertaker A. S. Watson.

What Not to Say. Do not say, "I can't eat." Take Hood's Sarsaparilla and say, "I am hungry all the time, and food never hurts me."

Never say to your friends that you are tired in the morning as at night. If they happen to be sharp they will tell you Hood's Sarsaparilla will give you good blood, and good health will follow as a natural consequence.

Do not say, "My face is full of pimples." You are quite likely to be told by some one, "There's no need of that, for Hood's Sarsaparilla cures pimples."

CRUICKSHANK COMPLIMENTED. System of Bookkeeping to be Adopted by Colorado Midland.

Chief Clerk Cruickshank of the passenger department of the Oregon Short Line has a good reason to feel pleased over the neat compliment paid him by Auditor S. C. Wing of the Colorado Midland, who has been in the city for several days. Mr. Wing was extended the courtesy of looking over some of the blank forms in use in the department in charge of Mr. Cruickshank, who has introduced a great many new and original ideas in the keeping of accounts.

Mr. Wing was not long in reaching the conclusion that the system was much superior to that in use on the Midland, and with the consent of the Short Line chief clerk he obtained a full set of the blanks and will introduce them in the auditor's department of the Midland.

Row Being Stirred Up in Order of Railway Telegraphers.

San Francisco, Aug. 23.—The Chronicle says: Trouble is brewing in the Order of Railway Telegraphers. The immediate cause of the trouble is the action of W. V. Powell, president of the order, in suspending George Estee, chairman of Division 53.

For some time there has been much dissatisfaction among the telegraphers regarding the administration of certain regulations which relate to the insurance benefits of the order. President Powell took a stand that was satisfactory to the members, especially to those of Division 53, and when Estee was called on to explain the matter, he referred the matter back to headquarters. The correspondence that followed did not continue the matter, and a few days ago the edict of suspension was issued.

COLLIS HUNTINGTON'S WILL. Document Will be Made Public Today.

New York, Aug. 23.—Charles H. Tweed, legal adviser of the late Collis P. Huntington, announces that the will of the late financier will not be made public today, but will be filed for probate tomorrow. An abstract of the will prepared by Mr. Tweed will be given out to the newspapers Friday.

Referring to the published dispatch from New Orleans that the death of C. P. Huntington would bring about the abandonment of his scheme to make Galveston the gulf terminus of the Southern Pacific railroad, Charles H. Tweed, vice president of the company, said today he saw no reason why Mr. Huntington's death should make any change in the work being pursued for the accommodation of the Southern Pacific road at Galveston.

JESSE TURPIN AND SON EARL OF GRANGER UNDER ARREST.

BOTH SHEEP HERDERS HEARING TODAY—MARSHAL MILLER'S INVESTIGATIONS.

Jesse Turpin and his 14-year-old son, Earl, who live at Granger, are under arrest on the charge of setting fire to the forest in the vicinity of Brighton.

They were arrested yesterday morning by United States Marshal Glen Miller, brought to the city last evening, and released on their own recognizance by United States Commissioner Twomey, who set the preliminary hearing for 10 o'clock this forenoon.

Turpin and his son have been herding a flock of sheep in the vicinity of Brighton for some time past, and the information which led to their arrest was furnished the United States district attorney, who made out the complaint, by Joseph Evans of Park City and Charles A. Lamb, a young man who has spent the summer at Silver Lake, and they will appear as witnesses against the accused parties at the preliminary hearing today.

Evans and Lamb claim they saw two persons start fires in the timber, which at one time threatened the destruction of their sheep. Whether their evidence will be strong enough to convict Turpin and his son is a question, as there is some doubt expressed that they will be able to identify them as the guilty parties.

Marshall Miller spent a couple of days at Brighton in locating his men and studying the causes which led to the late destructive fires. He made it a point to gather opinions from others, and he got a variety of them. The blame seems to be showered mostly upon the sheepherders. Some thought the fires were caused through maliciousness; others said they had been started by the sheepherders purposely to get the stock together after the sheep became scattered in the timber. Several claimed the fires were set by persons stopping at the resort.

After hearing all such stories, the marshal came to the conclusion that the fires have not been caused so much from maliciousness as from carelessness. In fact, he does not believe there are any cases where the destruction of the government forests have been deliberate.

How to Prevent Fires. To guard against a repetition of what has occurred this year, Marshall Miller outlined a plan to the citizens and property owners of the area, suggesting the formation of a protective league and offering a standing reward of \$100 for the arrest and conviction of any one, either through negligence or purposely causing the burning of forests.

By this means Marshall Miller is confident people would become more careful and that there would be less fires. A great deal of damage has been done by the fires in the past couple of weeks, Mr. Miller says, but the worst seems to be over, and he does not believe there is any more danger of a threatening fire. There are a few smoldering fires left, but unless they are fanned into life by a high wind they will soon be extinguished. The greatest damage has been wrought on what is known as Evergreen Peak.

The weather is getting cold at Brighton, and the season is begun. Within another week the resort will be practically deserted. The snow has entirely disappeared, and as a consequence, mountain streams are nearly exhausted.

VETERANS OFF FOR CHICAGO. UTAH DELEGATION STARTS TO BIG ENCAMPMENT.

Will Root Hard for Salt Lake as the Next Meeting Place of the Old Soldiers.

With the exception of Dr. T. C. Tiff, who departed a day in advance, the Utah delegation to the National Grand Army of the Republic encampment left for Chicago yesterday afternoon over the Rio Grande Western, and consisted of H. Tweed, vice president of the company, C. M. Hammond, C. M. W. A. Stanton, W. D. Gabey of Salt Lake, and Judge M. A. Breeden of Ogden, who will enter Salt Lake in the race for the location of the next encampment.

The Utah crowd is small, but they are a determined lot, and en route they expect to enlist the support of the entire California delegation in bringing the next national meeting here. A lay-over will be taken at Colorado Springs, where they will await the arrival of the Californians, and from that point make the journey together.

The California delegation did not arrive until late last evening, so no stop was made here as anticipated, much to the disappointment of the Utah crowd.

STEPHEN HUNTER BURIED. Funeral Services for Prominent Citizen Conducted Yesterday.
